## Big Divide With Our Precancel Readers

\$ 2 . 6 0 — F O R — 2 5 c

Rare Grand Rapids, Mich.  
2c Black Harding Inverts

The publishers of Linn's Weekly have frequently been able to acquire some choice stamps which have been offered to our reader friends in return for supplying us with new subscriptions. This plan of securing subscriptions has been a very desirable and practical plan. A supply of a very choice precancel has been acquired at such a figure that we are glad to pass them on to our readers who will in turn assist us by supplying new subscriptions to this publication.

The stamps are the rare 2c black Harding precancelled Grand Rapids, Mich., inverted. This stamp catalogues at 65c and is one of the more scarce Harding precancels. The lot we have acquired is in blocks of four. There are a num-

ber of blocks with straight edge but the large part of the lot are perforated on all sides.

So long as this supply lasts you can have a single copy of this stamp for only 6 cents if you will send a new subscription to Linn's Weekly Stamp News with 25 cents with your order.

If you want a block of four, send 25 cents for a new subscription and 25c in addition for the block of four which catalogues at \$2.60. Certainly either of these offers is one that ought to attract any precancel collector and so long as the supply of 100 blocks last we will be glad to supply them. The straight edged copies and blocks will be given out last so do not delay in getting yours if you want copies perforated on all sides.

Columbus, Ohio

## Souvenir Medal

Medal for the three flyers. Shows the Baron, Capt. Koehl and Major Fitzmaurice. Reads: "First east to west trans-Atlantic flight". Reverse shows the airship Bremen. Has the German and Irish flags with American eagle between. Also "Baldonnel Aerodrome, April 12—Greenly Island, April 13, 1928". These are in bright gold about the size of our  $\frac{1}{2}$  d. A nice coin for the den or a pocket-piece.

"Entered as second-class matter March 13, 1929, at the post office at Columbus, Ohio, under the Act of March 3, 1879."

## The World in Review

A FORECAST AND A RECORD

Swift to Report → Straight to Record

Timely, authentic and complete information on new issues, unlisted varieties, projected philatelic events, etc., is the aim of this department. We will deeply appreciate all contributions of this nature from our readers, and full credit will be given in each case. All contributions should if possible be accompanied by specimens of the stamp concerned, which will be returned promptly.

Edited by RALPH A. KIMBLE  
8118 Dante Avenue Chicago, Illinois

UNITED STATES—Latest and most authentic reports, coming this time from Assistant Postmaster Tilton, indicate that the much talked-of Washington bi-centennial series will not be of the large size and attractive appearance originally proposed. Instead there are to be twelve values, from  $\frac{1}{2}$ c to 10c inclusive, all of the ordinary size, portraying different well-known likenesses of George Washington. These are to be printed on the rotary press, and will entirely supersede the corresponding values in the ordinary postage series. This means that all current coils, horizontal and vertical, will also become obsolete, to be replaced by coils in the new designs. The present plan contemplates issuing all varieties on January 1, 1932, but the committee in charge of the bi-centennial celebration is strongly urging that values be issued as soon as ready in order to secure greater publicity for the celebration in 1932, so it is still possible that part of the set may appear during 1931. The designs for three of the twelve values have already been approved, and work has started on them. (Philip Ward, in Meekel's).

AFGHANISTAN — A color change as well as a change in currency name has appeared in the type of the 1928 series. This postage value is on smooth, white watermark paper, perf. 11. Value is expressed in "Afghani".

44 2af blue-green (Mr. R. Roberts)

BELGIUM—Several new varieties have appeared in the past few

days. First there is a 2c value in the lion type of the 1929-30 postage series. Then a provisional 2c using a dark blue surcharge on the 3c brown of the same series (No. 203). Then comes a provisional 10c surcharged in black on the 60c rose of the same issue (No. 210). This last item is also precancelled in the new style giving merely the name of the country and the year (1931). On the upper plate margin of this sheet also appears a legend to the effect that this stamp is good for postage until February 29, 1932. The surcharge and precancel was apparently applied at the same time. Lastly, there is another value added to the 1929 series of "winged wheel" parcel post overprints, this time a red overprint on the 50c deep blue postage stamp of 1929-30 (No. 209).

Postage

A63 2c light apple green  
" 2c on 3c red-brown (B1)  
" 10c on 60c rose (B) (Precancelled)

Parcel Post

(Overprinted as on No. 881)  
A63 50c deep blue (R)

(Mr. Rene Boon)

There is also announced four of the lion type low values as replaced by the same values but in a new design, this being the handsome likeness of King Albert as

shown in our Aug. 30, 1930 chronicle. Values which have appeared to date are the 35-50-60-75c.

(Champion's Bulletin Mensuel)

BOLIVIA—Our Feb. 21st chronicle illustrated two types used in printing the new postage series. We have complete information now that this series will consist of nine values, all recess-printed by Perkins, Bacon & Co. Of these there have been three issued, the 10-15-35c values, as listed Feb. 21st. The complete series will consist of the following values, with designs and number to be issued as given in parentheses:

Bs 0.01 Bust of Ex-President Hernando Siles (300,000)  
Bs 0.02 Mountain of El Potosi (300,000)  
Bs 0.05 L'Illimani (a mountain near La Paz) (1,000,000)  
Bs 0.10 Bust of Don Eduardo Abaroa (1,000,000)  
Bs 0.15 Map of Bolivia (2,000,000)  
Bs 0.35 Map of Bolivia (300,000)  
Bs 0.45 Map of Bolivia (300,000)  
Bs 0.50 Bust of Antonio Jose de Sucre (50,000)  
Bs 1.00 Bust of Simon Bolivar (50,000)

After the order for these stamps was placed the recent political upheaval occurred in Bolivia, and former President Siles was deposed, so the entire 300,000 of the Bs 0.01 stamps of this issue will be overprinted with his effigy blotted out. This stamp will not be issued without the overprint.

There is another short issue of commemoratives to appear soon, marking the change in government noted above. The Provisional Military Government authorized the issuance of 250,000 stamps of Bs 0.02, 350,000 of Bs 0.10 and 400,000 of Bs 0.15. Design not yet known.

The final news from Bolivia is that there have also been ordered from Perkins, Bacon & Co. a new set of postage due stamps of the following values and numbers, designs similar to the new postal series described above:

Bs 0.05 (50,000)  
Bs 0.10 (50,000)  
Bs 0.15 (40,000)  
Bs 0.30 (30,000)  
Bs 0.40 (20,000)  
Bs 0.50 (10,000)

(Champion's Bulletin Mensuel)

105

**BRAZIL**—Two additional postage values to add to those listed in our chronicle of Sept. 6, 1930. These are printed on paper bearing the new watermark: "Estados Unidos do Brazil" in small capitals:

A75 200r olive gray  
A76 1000r turquoise  
(Gibbons' Stamp Monthly)

**CHILE**—A second printing of the official stamps of 1928 (No. 328-32) has been issued, easily distinguished by the fact that the overprint is in much thinner and somewhat larger letters, the length of the word "Estado" being 14mm in the new type, as against only 11mm in the 1928 officials; overprint in red as before:

Inscribed "CORREOS DE CHILE"  
A50 10c blue & black  
A39 20c brown-orange & black

A40 25c dull blue & black  
A42 50c deep green & black

Inscribed "CHILE CORREOS"  
A42 50c deep green & black  
A43 1p green & black

(Gibbons' Stamp Monthly)

**COSTA RICA**—There were two million printed of the new 13c postage value chronicled Feb. 21st. This pictures don Juan Rafael Mora, one of the great statesmen of the country.

(L'Echo de la Timbrologie)

## Perfection Guide CLASSIFIES U. S. STAMPS

At last, the problem of properly classifying your United States stamp perforations and watermarks, coils, etc., is solved by our PERFECTION GUIDE.

You can now see the full sized stamp illustrated before you, showing all regular and compound perforations, vertical and horizontal coils, all watermarks including the scarce stitch watermark, hyphen hole and roulette perforations.

A condensed handy folder full of valuable information. If you collect U. S. stamps you cannot afford to be without our PERFECTION GUIDE.

Also sold by your stamp dealer.

**CUBA**—The new International Airpost series of eight values is one of the most handsome air sets we have ever seen. The huge trimotor plane with the rolling surf and the palm-fringed shore line of Cuba make a most attractive design, while the engraving is of the best and the colors deep and clear. Design is the same for all values. These are on the familiar star-watermarked paper, perf. 10. They supersede the old five-cent blue and the recent 10c on 25c violet provisional, both of which are obsolete now.

5c  
REPUBLICA DE CUBA  
5c green  
10c blue  
15c red  
20c brown  
30c violet  
40c orange  
50c olive-green  
\$1.00 black

(Mr. B. L. Voorhees)

**CURACAO**—We illustrate the new air-post stamp, which bears a strong likeness to the recently issued air series of Surinam. Eight values, all of the same design, comprise the series. Paper is thin and white, unwatermarked and perf. 13. These were listed in our Feb. 14th chronicle.

(B. J. Abrahams)

**CYPRUS**—Two color variations are at hand in the current postage series, type of the 1924-25 issues:

A14 1½pi gray-green & bright green

" 1½pi carmine-red

(Mr. R. Roberts)

**Egypt**—We have the new series of three values commemorating the 14th Agricultural and Industrial Exposition held at Cairo recently. Design is the same for all values. Printed on chalky surfaced white paper, watermarked multiple star and crescent. Perforation is 13½:

5m chocolate  
10m terra cotta  
15m blue

These stamps were on sale from Feb. 15 to March 15 only, that being the duration of the exposition.

(Mr. R. Roberts)  
(L'Echo de la Timbrologie)

**FINLAND**—Harking back to former days is the appearance of the odd set of two postage values issued March 1st. to commemorate the 75th. anniversary of the first postage stamp in Finland. There is really a marked similarity in appearance between this issue and Finland No. 1. These are printed on unwatermarked, white paper, perf. 14. They will remain on sale until the last of February, 1932, unless previously exhausted. Numbers printed given in parentheses;

1½m dull red (700,000)  
2m dark blue (500,000)

(Mr. R. Roberts)  
(Whitfield King & Co.)

**FRANCE**—The new Caisse d'Amortissement, or sinking-fund stamp, is a very fine bit of engraving by Abel Mignon. Printing is by the Atelier du Timbre. It is on unwatermarked, thin, white paper, perf. 13. Printed in small sheets of twenty-five. The stamp is dedicated to the glory of France's provinces, personified by four attractive mademoiselles whose headresses indicate the provinces whence they come.

1.50fr + 3.50fr green

(Mr. R. Roberts)  
(L'Echo de la Timbrologie)

**FRENCH SOUDAN**—An official communication from the French General Agent of Colonies states that on March 9th. an entire new series of postage and postage due stamps was to appear, replacing

P. O. Box 4, Sta. Y New York City

the present issue, which will be withdrawn from circulation. These will be illustrated and chronicled in the near future.

(Philatelic Magazine)

**GREECE**—On March 31st. there will be destroyed by official order, all remaining stock of the handsome Centenary series, including even the new 8dr value illustrated in our Dec. 13 issue. About ten million complete sets will be thus removed from philately forever, only one complete sheet of each value being reserved for the postal museum. This should make the above set a very worth-while item for any collector.

(L'Echo de la Timbrologie)

**GUATAMALA**—After the fiasco of her first definite air-post series, of which only the 6c was ever issued, Guatemala has made another attempt in ordering fifty thousand sets of air stamps in a new design. Values will be 1-2-3c and will show a likeness of the Guatamalan "ace", Jacinto Rodriguez Diaz. With such low values as these it probably means that the stamps will be good only for interior use, as the international rates are considerably higher.

(Gibbons' Stamp Monthly)

**IRAQ**—We illustrate the types of the new definite series of postage stamps chronicled last week.

**ITALY**—Seven new values in the parcel post series are to be issued very shortly, consisting of 5-10-25-50c, 1-2-10 lire.

(L'Echo de la Timbrologie)

**LUXEMBURG**—The expected issue of air-post stamps is due to appear in the immediate future and will consist of four values: 75c, 1fr, 1¼fr and 1½fr.

(Gibbons' Stamp Monthly)

**MALDIVE ISLANDS**—After getting along very nicely for a quarter of a century with only two issues of stamps, a total of ten varieties, it is now reported on good authority that an entirely new series is to appear shortly, consisting of several values, possibly up to 1 rupee.

(Philatelic Magazine)

Our specialty: FRANCE and COLONIES. AIR MAILED—Send us your want list  
**LESGOR and REEL, 81 Nassau Street, New York City**

**NETHERLANDS**—Another value of the current postage series has come to us with the new type syncopated perforation. This is with both top and bottom bearing two groups of four holes each, with blank spaces at each end and in the middle. The 9c (No. 201) is the latest arrival.

(B. J. Abrahams)

**NEWFOUNDLAND** — The 20c postage value of the 1928 series has now appeared in re-engraved form, being the production of the Dickinson company instead of the Whitehead-Morris concern. There are a number of minor differences, the color being a much deeper black, and less shiny in appearance than in the first printing. In the label across the top there is a marked variation shown in the form of the "W" in "Newfoundland". In No. 157 this letter had square angles, while in the re-engraved they are pointed.

(Mr. R. Roberts)  
(Gibbons' Stamp Monthly)

A report from reliable authority states that the following numbers were printed of the recent air-post series, first printing (the only one thus far, tho a second printing is projected). If these numbers prove correct the issue is a very good one indeed to have:

15c brown—50,000  
50c green—25,000  
1.00 blue—5,000

(Gibbons' Stamp Monthly)

**PARAGUAY**—Recent philatelic expostulation both in the press and by direct letter to the Postal authorities of this country regarding the useless floods of unattractive stamps that have been issued lately have begun to have effect. We learn now that Paraguay has decided to stop the practice of issuing the same stamp in three different colors, several examples of

## Parcel Post Mixtures

Exclusive unsorted material imported directly from European P. O. Depts. Most higher values and fine variety. No mission junk included.

Denmark \$2.25 per lb. Norway \$2.25 per lb. Sweden \$2.25 per lb. Hungary \$2.50 per lb.

1/4 lb. of each of the above for \$2.50.

Turkey Gov't Mixture \$5.50 per lb. 1/2 lb. \$3.00. International parcel post mixture of Germany (ab. 70%), 1928-29, with Mark values and sprinkling of countries like Holland, Belgium p., Italy p. p. issues and Switzerland. \$4.50 per lb.

One lb. of all of the above kinds mixed \$3.50.

20% discount on five pound lots of any kind. Why not buy from reputable firms at home rather than take chances on mixtures abroad.

Highly interesting lots of bank mixtures from far-away countries coming in regularly. Are you interested? What constituents? Besides, I still specialize in Denmark stamps for collectors and dealers at absolutely lowest prices.

**A. E. PADE** Box 86,  
Woodside, L. I., N. Y. 

which have lately appeared. If they will confine themselves to strict postal necessities in future issues, and get an engraver and printer with some sense of the artistic we may yet restore this country to favor.

(Gibbons' Stamp Monthly)

**PERU**—The following quantities were printed of the four value Bolivar Centenary series chronicled and illustrated in our Jan. 17th issue: 2c—180,000; 4c—72,000; 10c—240,000 and 15c—120,000. The original order only called for 42,000 of the 4c value, and certain Peruvian speculators planned to execute a coup by cornering this stamp. They did actually succeed in buying up the entire 42,000, but the printers by mistake (?) had printed 30,000 extra, which were placed on sale throughout the country. So altho this value is undoubtedly scarce, yet it can not be prohibitive in price.

(Gibbons' Stamp Monthly)

**PORTUGAL** — Another low value in the "Ceres" type, Lisbon printing, has appeared. This has the imprint at the foot of the stamp and is perf. 12x11½:

A64 6c red-brown

(Mr. R. Roberts)

**ROUMANIA**—We illustrate the two designs of the recent census commemorative set chronicled in our issue of Feb. 21st. There are four values in the issue, the 2-4-6 lei being of the same design. The paper is unwatermarked, perf. 13½.

(Mr. R. Roberts)

There have also appeared three additional values of the overprinted 1929 officials on paper watermarked horizontal wavy lines. We listed these stamps last Sept. 20th, on unwatermarked paper, but now they are known on both papers.

Official Stamps  
Overprinted "8 Junie 1930"  
Wmkd. Hor. Wavy lines

01 25b red-orange  
" 50b dark brown  
" 1L dark violet

(Champion's Bulletin Mensuel)

**RUSSIA**—Encouraged by the successful sale of her totally unnecessary, but rather attractive Zeppelin air stamps, the USSR is about to issue a new air-post series of four values, 10-15-20c and 1 ruble. These will be of large size and will portray various subjects, being designed primarily as prop-

**SOUTH WEST AFRICA**—We have received the complete postage and air-post sets of the new definitive series described in our Dec. 27th issue. This issue has been awaited with possibly greater interest on the part of collectors than any other in recent years, and we must confess that it is about the most magnificent thing we have seen. The designs are unique and marvelously well executed, while the colors are well chosen and of fine, bright shades. Few pages in the album can ever be more attractive than the one which displays this philatelic masterpiece. These stamps are printed in sheets of 120 (2 panes of 60 each) on paper watermarked multiple spring-bok's head, perf. 14. Wordings in Afrikaans and English appears on alternate stamps throughout. These stamps complete the is-

## SOUTH-WEST AFRICA PICTORIALS

A Description of the Designs  
(From Gibbons' Stamp Monthly)

1½d. The Gom-pauw. A local species of bustard, a bird which, loving desolate open spaces, finds a congenial home on the hot plateau which is South-West Africa.

1d. Cape Cross. The promontory sighted by Bartholomew Diaz, whose ship is seen in the background. On the shore is one of the crosses which were erected on newly discovered territory by the early Portuguese explorers to denote their annexation of the land. With reference to this design, there is nothing to show that Diaz ever actually landed at Cape Cross, his landfall being generally accepted as Luderitz Bay. In the side frames of the design are illustrated Bushman drawings.

2d. A kopje at Bogenfels, a little town about eighty miles south of Luderitz Bay.

3d. The Government Buildings at Windhoek, the administrative centre. Windhoek, high up in the hills in the centre of the plateau, although it has only a population of 15,000 is easily the biggest town in the territory. It has quite a large cattle industry.

4d. A view of Waterberg, about 150 miles north of Windhoek.

6d. Luderitz Bay. The landfall of Bartholomew Diaz, and called by him Angra Pequena. In 1908 diamonds were found, and it is now the chief centre of the industry.

1s. A river and bush scene.

1s. 3d. The eland, the largest species of antelope. Both a male and a female specimen are shown.

2s. 6d. Zebras and wildebeests drinking in the Etosha Pan. The Etosha Pan is the largest of the shallow depressions, or "pans" which are found on the plateau, and which, during the rainy season, are filled with rain-water. It has an area of no less than 1355 square miles and, except in the very driest weather, is a well-defined lake.

5s. Kaffir huts.

10s. The Welwitschia plant. A monstrosity of the Vegetable Kingdom—a tree that never grew up! This plant was discovered in 1860 by Dr. Welwitsch, the explorer. It was evidently intended to be a tree, but owing to the lack of rain, it only grows a few inches high, although

its "trunk" is sometimes over a foot thick, and its leaves several feet long. A further curiosity is that it never loses its first seed leaves, which other trees and plants discard at an early age, but retains them all its life.

£1 The Okuwahakan Falls of the River Kunene, which form the northern boundary of the territory. An agreement has been reached with the Portuguese authorities for the damming of the river so that a large tract which is at present desert, may be irrigated.

The Air stamps show respectively a monoplane and a biplane over Windhoek.

The latest information on the much-discussed provisional air-post stamps overprinted S. W. A. on the 4p and 1s airs of South Africa is to the effect that there have been three separate printings. The first, with the small overprint, consisted of 50 sheets (6,000 stamps) of the 4p and 10 sheets (1,200) stamps of the 1s. The second printing consisted of 25 sheets (3,000 stamps) of the 1s only. This had the larger overprint. A third printing, reverting again to a small overprint, consisted of 50 half-sheets of each value, or 3,000 4p stamps and the same number of 1s stamps. We have not any information yet as to how this third printing may be distinguished from the first.

(Champion's Bulletin Mensuel)

**STRAITS SETTLEMENTS** — The 35c of the 1922-27 postal series has come to us in new colors. Watermarked multiple crown and script CA, Perf. 14:

A26 35c red-violet and Red.

(Mr. R. Roberts)

**STRAITS SETTLEMENTS** — **FMS**—A new one dollar value has appeared, but in the small format and design of the cents values (tiger design). This is on blue paper, colored thru, watermarked multiple crown and script CA, perf. 14½:

A4 \$1.00 red on blue

(Mr. R. Roberts)

**SUDAN**—The provisional air-post stamps are at hand, overprints on the 10m and 2p values of the 1927-28 postage issue. The size of the overprint is in accord with the difference in size of the two stamps. Watermarked multiple SG and perf 14:

10m black and carmine  
2p orange and violet brown.

(Mr. R. Roberts)

We also learn that the 5m postage stamp of the same design as the 10m is to be overprinted and added to the above two. Further-

STAM

H. E. HARRIS

Everything for stamp collectors

535 Commonwealth, Boston, Mass.

A copy of "STAMPS" may be sent promptly on mailing expense. Address

H. E. HARRIS & CO., Box 111, Cambridge, Mass.

more, there is in all probability a definite air series of three values to be produced by De la Rue for Sudan in the near future. Designs

as tentatively mentioned are a herd of elephants stampeding from an airplane overhead (for the 5 and 10m values), and a picture of

**SURINAM**—Three color changes in the current postal series have been issued. These are in the transverse design of the 1913 to 1930 issues, unwatermarked and perf. 13x12½:

A14 3c pale bistre  
A14 6c red orange  
A14 7½c yellow

(B. J. Abrahams)

**TRIPOLITANIA**—In our February 7th issue we illustrated and chronicled the first two of the new definitive air-post series for this colony. The other five values are at hand now, and make a very striking issue. The 50, 60, 80c values are of the upright design, while the remaining values are all of the transverse design. Watermarked large crowns, perf. 14½x14. We list the complete series below:

50c deep carmine-rose  
60c brown orange  
80c red-violet  
1L deep blue  
1.20L black-brown  
1.50L brown orange  
5L dark green

(Westchester Stamp Co.)

**URUGUAY**—We have a report on the numbers printed of the new Pegasus air-post series chronicled in our February 7th issue.

8-16-30-60c—20,000 each.  
24-30-1.50—10,000 each.  
1.20-3.45p—5,000 each.

Note that there are no figures reported yet for the 40 and 80c values. These have not been held at a premium thus far, so they are probably no scarcer than other values.

(Gibbons' Stamp Monthly)

**VATICAN CITY**—Back in our September 13, 1930, issue we forecast a new issue to replace the present one, and we now learn that this new series is to be on sale about April 1st. The unusually attractive designs chosen should make this a very striking set.

(Champion's Bulletin Mensuel)

Gen. Gordon, mounted, with an airplane and palm trees in the design (for the 20m).

**WHY SOME DEALERS FAIL** This thought is brought to mind by an announcement on the front page of a new Bargain Bulletin issued by the Metropolitan Stamp Company of New York. In this announcement the Metropolitan people frankly state that they have discovered that they can do a heap more business in a business day, by mail than they could do by catering to counter trade. Had anyone asked us as regards this question we could have told them the same thing years ago.

One of the reasons a lot of smaller dealers in some of the various cities of the country have such a hard time getting along is because they have not yet learned that the local customer who comes into their shop and spends a dollar or two in an hour or two is a poor customer for them to handle. It is natural that the collectors will congregate in the office of a dealer, yet in doing so, they are robbing the dealer of a chance to attend to his mail business. A dealer can sell many dollars worth of stamps by mail in an hour's time whereas a counter buyer will frequently want to look through half a dozen albums or stock books and may buy and may not.

Cultivate your mail trade and if the local collectors want a club room help them rent one. If you have the real goods you can sell it in New York City just as quickly as the New York dealers can. Stamp collectors are a funny tribe,

they like to write and receive letters.

**CONGRATULATIONS** The Scott Stamp & Coin Co.

which has for all time been the leading publishers of postage stamp albums in America, have just issued what we predict will be one of the most popular albums that has ever come from their printing plant.

The Abridged Album for United States Stamps is the title of this new product and we understand that it will show everything in United States stamps, excluding match and medicine, but that instead of making spaces for all the mysterious varieties that interest the specialist, the album will omit everything except varieties of design. There will be no distinction of minor plate or die differences, no distinction between stamps with and without grille, no distinction as to watermark or perforation. In effect a simplified album in which anyone can readily see the differences between the different stamps in the album.

With the enormous increase in interest among youthful collectors, an album of this sort has been needed for some time. The boys are all enthusiasts for U. S. stamps. The vast number of cheap commemoratives have made U. S. collectors of most of them and they have wanted for some time, a suitable album for their U. S. stamps.

This new album, published at \$1.50 will fill this demand and we feel certain that the demand for it will prove conclusively that the publishers have produced a "best seller" in stamp albums.

**SIMPLIFIED COLLECTING** A further word on simplified collecting might not

be amiss at the present time. Judging from the general tone of the Philatelic Press as represented by Dealers House Organs, and more especially those of the publishers of catalogs and albums, less stress is being placed on minor varieties. It would seem the part of wisdom for these publishers to attempt so far as possible to eliminate from general albums and catalogs as far as possible, all minor varieties of slight consequence, especially shades, invert watermarks, immaterial perforation differences and the like. When we take a new issue and multiply it with these variations the possible number of stamps for the collector to acquire is multiplied in the same manner and the ever increasing number will soon become a discouraging factor to the general collector, if it has not already driven many from that field.

**OUR NEW ISSUE EDITOR IS**

NEW YORK

last minute made it necessary to sidetrack some other copy that was to go in this number. However we feel as Mr. Kimble does that this week's new issue copy should go, it is hot news of the most interesting sort. The numerous illustrations shown this week are a remarkable testimonial of what a live stamp paper can do. We do not believe we ever before saw so many pictures of new stamps in one weekly stamp magazine.

**ATTRACTIVE WHOLESALE** lists are at hand from Elliott M. Walton of New York who specializes in the more attractive looking stamps. There are many collectors now a days who pick them for beauty and a collection along such lines covers the world and somehow or other this class of material seems to rise in value quite rapidly.

**MONTGOMERY MULFORD WHO** is doing a great work in supplying stamp columns to newspapers advises the editor that the New York World-Telegram has accepted his stamp column for once a week insertion and that there are prospects that it will go to twice a week soon. Watch this paper every Saturday.

## Buro Prints

Information regarding new issues and sets of interest should be sent direct to the Editor of this column.

C. C. WEBER **Editor**  
500 Bridge Ave., Cleveland, Ohio

Being undernourished, due to lack of buro print news, it would seem that our buro editor has ran amuck and gone berserk and hay-wire.—G. W. L.

Questions NOT answered.—

Where can I buy Columbus 2c compounds at a discount?

Would it be O. K. to experiment making some of the rare experiments?

Would I be apt to find any buro prints on the wall behind the bedroom commode?

Would I be apt to find any 1 1/2c Liberty experimentals in Mission Mix? ? ?

Suggestions offered—

Zeke Zilch writes in to the effect that the Government Printing Office do away with the use of periods thereby eliminating all these new NEAR ERRORS.

Abner Itch advises to increase the price (list) of buro prints ten-fold. This would make possible all sorts of discount combinations and

help place buros on a safe and sane basis.

Cyril Socks comes to bat with the idea of damning all dealers when they do not have new issues three days after date of issue.

Anastatia Gooch suggests the following to the Bureau Printing Department. With ink eradicator remove all lines and with India ink fill up all gaps thereby clearing up the line, gap, and line-gap sitchashun.

Bennie Blah offers this to plate breakists. Whenever Mama tosses dishes at Papa, you will carefully gather all the debris and you will be bound to find plate breaks therein.

Biography of a famous Bureau Print collector.—

Will B'Darned started his famous collection of buro prints early in the nineteenth century. He has the finest collection of inverted and double impressions as well as the only pair of imperforate buro prints known. He collects mint precancels only (oh gee). He prefers blocks of three and does not countenance the Alhol and Milwaukee errors claiming they discredit our bureau at Washington. Mr. B'Darned says that all postage dues as well as all values over the 10c values should be buro printed. This might make it possible to add a new variety now and then. In closing we might state that William was kicked on the head by a butterfly when a lad.

Ho; Hum; my pipe's out.

—C. C. W.

## FORT ORANGE CLUB HAS EXHIBITION

Mr. J. H. Wall of Rensselaer, N. Y., sends a program of the exhibition of the Fort Orange Stamp Club of Albany. This was the Fifth Annual Exhibition and the display was held in the Rotunda of the New York State Educational Building at Albany. Date of show was March 2nd to 16th. We regret that the news was not given us prior to the show.

## FULL TIME ON BUROS

Mr. Robert Doelle, Manager of the Sierra Stamp Shop of Fresno, Calif., has purchased from M. R. Lampson, his entire stock of foreign and other lines with the exception of Buro Prints. The Sierra Stamp Shop will expand their business and Mr. Lampson will plan to devote his full time to Buro Prints.

# AIR MAIL FLASHES

EDITED BY H. G. KINGDOM, CONNEAUT, OHIO

This department belongs to our readers and we ask you to send all information received to the Editor as soon as possible and same will be acknowledged.

## New Service A. M. 19

Effective April 1st Eastern Air Transport will operate a mail service from Richmond, Va., via Raleigh, N. C., Florence and Charleston, S. C., and Savannah, Ga., to Jacksonville, Fla., in addition to the present line. Mr. Glover's announcement of March 14th says that special cachets will be provided to the postmasters at Raleigh, Florence, Charleston, and Savannah, and that there will be a surprise for the philatelists, so we may surely expect something different, perhaps colored ink. The plane leaves Jacksonville at 8:20 a. m. and arrives at Richmond at 2:40 p. m. and returning at once reaches Jacksonville at 6:40 p. m. Covers into Raleigh may be sent in care of Ross Shumaker, State College Station.

## Other Additional Service

In addition to the present service, on April 1st, N. A. T. will make another round trip between New York and Chicago, another round trip from Cleveland to Chicago, and two more round trips between Chicago and Kansas City. The Trans-American lines will add four round trips between Chicago and Detroit and six round trips (amphibian service) between Detroit and Cleveland, and Boeing Air Transport an additional round trip daily between Chicago and San Francisco. These schedules will add 10,750 miles to our air service, making the total miles per day flown in excess of 85,355, or more than all European lines combined.

## Treat Crashes

While flying the New York to Washington plane on March 16th in a snowstorm, the wings became coated with ice, and Verne E. Treat, pilot, leaped for his life, and landed safely, while the plane crashed. The mail was salvaged but no news as to any special markings.

## New Altitude Record

Frankie G. Renner, Akron lady pilot, on March 13th apparently

made a successful attempt to break the altitude record for women by reaching a height of over 30,000 feet. Miss Renner carried 100 covers for an Akron enthusiast, which were cacheted, autographed by her, and mailed the same day. Very nice souvenir, thanks to H. W. Aaron.

## Lincoln Souvenir

Harrodsburg Herald of Harrodsburg, Kentucky, will sponsor a unique cachet on air mail covers to be used on June 12th when they will hold a celebration in honor of the 125th anniversary of the marriage of Abraham Lincoln's parents in a log cabin at that place. This will be a fine historical souvenir, and covers for same event may be sent to D. H. Dutton, editor of the paper.

## Dedications

Florence, S. C., will be held April 1st and a cachet will be provided by the Chamber of Commerce—McComb, Miss., dedication will take place within two months. Send to Chamber of Commerce—Zanesville, Ohio, early this spring, and covers may be sent to Robert Toll, 207 Finden Avenue.

## New Russian Lines

Dickason states that among the new air lines to be opened in the land of the Soviets are the following: Moscow-Irkutsk line will be extended through Habarovsk to Vladivostok; Nikolaevsk on Amur to Wellen Cape via Ohotskbuht, Nagaivo and Petrovavlosk on Kamchatka; Archangel-Kotlas-Sektekar; Moscow-Kieff-Odessa; Moscow-Leningrad; Moscow-Minsk; Moscow-Stalingrad; Omsk-Pavlodar-Semipalatinsk-Ridder.

## Ship to Shore

This service on the German ships "Bremen" and "Europa" will be resumed for this season with the departure of the "Bremen" from Bremerhaven on May 4th. Inasmuch as all of these flights bear special cachets they are of considerable interest. Postage rate 20 cents.

## Army Maneuvers

When the 200 western army airplanes pass Peoria, Ill., on their way to Detroit, on May 15th we are told that a cachet will be applied to air mail in that city, and E. R. Beil, 727 Thrush Avenue, offers to handle covers.

On May 24th the 1st Provisional Pursuit Wing of 194 planes and the 21st Provisional Observation Wing of 111 planes and the 11th Provisional Bombardment Wing of 68 planes will be at Bowles Field at Springfield, Mass., and a cachet will undoubtedly be provided, and H. W. Bogue, Box 58, W. Springfield, Mass., offers to take care of covers for the collector at this event.

## Covers

Nashville, Tenn., used a very nice cachet for Walter Hinton visit on March 17th.—Western Air Express changed from Alhambra airport to Glendale, and covers at the last day and the first day of the latter were appropriately marked.—Compton, Calif., had American Legion Air Circus on March 15th and used a seal cachet.—American Legion at Stroudsburg, Pa., will hold an Air Meet sometime in July, and if you want covers send to A. J. LaRoche, 107 First Street.

H. C. CARPENTER

Cincinnati, Ohio

600 Southern Ry. Bldg.

**Unofficials**

These covers, the basis of so much controversy, may not have any commercial value, however, the numbers of collectors who are covering the Byrd Tour are legion and number among them, not only new collectors but hosts of our friends, members of societies and otherwise throughout the length and breadth of the country, proves beyond question the strong interest which the collectors have in the commemoration of such noteworthy events as the Coste-Bellonte Tour, Byrd Tour and another which is not far off, namely, the Army Air Maneuvers.

**U. S. ZEPPELINS**

A couple of weeks ago Linn's Weekly carried a small classified advertisement with a box number address care of this paper, offering 100 sets of Zeppelin stamps at \$125.00. Several letters offering to buy single sets at \$12.50 were received, as well as letters wanting to buy plate number blocks in quantity also a letter offering to buy 50 sets at the price quoted as well as a telegram offering to buy 50 sets at the price quoted.

The offers were all forwarded to the advertiser in regular order and doubtless he will have disposed of the stamps at price offered. Thus we learn two things—that Linn's Weekly can sell thousands of dollars worth of stamps by small classified advertisements and also that the Zeppelins are still on the upward road regardless of depression or what have you.

How apparent it must be to anyone who has the power to think rationally, that mint U. S. postage stamps are one of the best investments that a man can put his money into.

\$100 put in a savings bank will lay many years before it becomes \$200. But we venture to say that you could have bought any of the recent commemorative issues of which the issue was small, put \$100 worth of them away in a lockbox and doubled your money on them in far less time than you would by ordinary savings accounts.

**BIGGER THAN ALL EUROPE**

An announcement by the Post-office Department under date of March 15, is so astonishing that we print it herewith. In speaking of the new service on several of the air mail routes, it is stated that with the inauguration of this new service on April 1st, that "it will place the United States ahead of all European countries combined in air mail-passenger service."

**CUBAN AIR MAILED**

Dr. Luis F. Ajamil of Havana, Cuba, sends information regarding the number of stamps issued in the new Cuban air mail set:

5c	500,000	30c	500,000
10c	1,000,000	40c	500,000
15c	500,000	50c	100,000
20c	500,000	\$1.00	100,000

The above issue was perforated 10x10 and watermarked star.

Dr. Ajamil states that a new set, for use only on the National Air Mail Route is in preparation and will probably be issued in April. The issue will consist of the following:

10 cents black	1,000,000
20 cents carmine	200,000
50 cents blue	100,000

These will be perforated 12x12, watermarked star.

**DO NOT SAVE SHEETS**

Frequently we hear the remark from a collector that they have salted away a sheet of this or that commemorative. A sheet sounds nice but a sheet is usually with a large majority of the stamps poorly centered and when you sell in singles or blocks or otherwise, centering is of prime importance. Therefore, instead of saving sheets, if you want to salt away a few, break the sheets, pick only the perfect blocks of four, buy more sheets, save the perfect blocks till you have as many as you want and lay them aside. Twenty-five finely centered blocks of four will sell any day for more than a sheet, yet they cost you the same.

**NOTED ITALIAN STAMP FIRM TAKES CONTRACT**

Beginning in this number of Linn's Weekly there will appear each week an advertisement of Unione Filatelica Nazionale S. A., of Roma, Italy. This firm is one of the most progressive of the larger European firms of stamp dealers. We believe we are safe in saying that it ranks with Champion of Paris, Gibbons of London and such noted foreign stamp houses. We have every reason to believe that our readers may, with the utmost confidence, send orders to this firm with the assurance that they will receive the best of treatment. This company is the only one in Italy which issues a catalogue and price list in English so that you need have no hesitancy about being able to read their lists and their correspondence. The catalogue is priced in American dollars also.

The Unione Filatelica Nazionale was the only European firm to

take part in the 1930 National Philatelic Exhibition, both by renting a booth and by displaying their catalogue which was given a second prize. We are also advised that they intend to participate in the National Philatelic Exhibition which will be held in Chicago in 1933.

PHILATELIC APPROVAL SERVICE  
Box M, Fordham Sta., New York, N. Y.

### SOME ODD COVERS

Numerous interesting philatelic covers have reached the office of Linn's Weekly in the past week.

Verne P. Kaub sends one from Fond du Lac, Wisconsin, with a clever cachet for the Second Annual Banquet of the Fond du Lac Philatelic Society which was held at the Hotel Retlaw on March 12.

Our friend Robert Richardson of Akron also sent by ordinary mail a cover from the U. S. S. Chicago, first day in commission. We got one last week by air mail, for this same ship and in this instance the Air Mail did beat the ordinary mail through. If you are interested in modern covers you would do well to watch for the advertisements of Bob Richardson as he is offering something odd in covers every week.

St. Patrick, Missouri, is brought to the fore by covers from Howard Buttermore of Youngstown, Ohio, and by Bob Richardson of Akron. We never knew there was such a town till these covers came in the mail this week. The cover from Mr. Buttermore is decorated with a shamrock, a clay pipe, and a happy Irish lad and lassie, also a verse of greeting from friend Buttermore.

Another cover smelling of the Old Sod is also at hand from Mr. Wm. H. Gilley. This is postmarked White Heath, Ill., surely an appropriate name cancellation for a St. Patrick cover which has the stamps in green and cancelled with a shamrock.

M. M. Grey, Bulletin Manager of the International Odd Postmark Society sends a cover from the Carolina Air Tour and also some information which we are pleased to quote for the readers who care to get in on the events.

The postoffice of Zybach, Wheeler County, Texas, is scheduled for discontinuance on April 15th. This is the last town listed in the list of postoffices in the U. S. Postal Guide. Mr. Grey states that the date might be advanced as sometimes happens.

### RUBBER CITY STAMP CLUB

One of the most enjoyable and enthusiastic meetings of the Rubber City Stamp Club was held on Thursday evening, March 12th, with 38 members and guests pres-

ent. Our guest of honor, Mr. Howard C. Buttermore, President of the Mahoning Valley Stamp Club of Youngstown, Ohio, exhibited his magnificent collection of United States Postage and Revenue Stamps. This outstanding collection having won the Silver Award at the Mid-West Philatelic Exhibition at Cleveland, Ohio, is one of the most interesting it has ever been our privilege to see. Before the meeting twelve members enjoyed dinner with Mr. Buttermore and wife who accompanied him to Akron. Incidentally, nine ladies attended this meeting. Mr. J. H. Praether of Alliance, Ohio, was also a visitor. Next week another treat is in store for Rubber City Stamp Club when Mr. H. M. Lyon of Ravenna will exhibit his practically complete collection

This collection lacks only 8 varieties.

Anna M. Schafer, Secretary.

### STAMPS

The above is the title of a special supplementary magazine list of bargains that the H. E. Harris Company have just issued. An advertisement in this number of Linn's Weekly illustrates the front cover of this 48 page magazine of bargains in actual size. Besides the many illustrations for which Harris literature is noted, there are numerous very interesting bits of reading matter, not the least of which is a story of how H. E. Harris became a stamp dealer.

We always enjoy looking over Harris lists, besides being interesting to us as a stamp man they are interesting because of the high quality of the printed job and Harris knows that first class printing is a big factor in merchandising his stamps.

### FLINT NEWS

Flint can now boast of two Stamp Clubs, also various school clubs. The latest addition is the club organized in the Industrial Mutual Association, comprised of the several thousand industrial workers of the city. The organization of this stamp club is in charge of N. M. Hurry, who reports rapid progress for the short time that has elapsed since the first meeting this winter. Interested collectors should communicate with Mr. Hurry at once.

### VIRGINIA STAMP SHOW

The Richmond Stamp Club had an exhibit March 26 to stimulate further interest in Philately in the city of Richmond, Va. This was accomplished through each member contributing to the exhibit some highlight in his collection. The contributions were mounted on loose leaf pages and placed under glass on tables. It is understood from the committee in charge that practically every field in Philately was covered. Among the displays were the Confederate States of America, complete on and off cover; old Nova Scotia and New Brunswick on cover; Civil War Patriotics, and other things of note.
